A UNIQUE EXPERIENCE

## Introduction

**bubble** was established in 1999 and has achieved phenomenal success. That success is, we believe, the result of three factors: the freshly prepared, mouth-watering food we serve, the truly personal service we offer and the great value for money that each of our clients enjoys.

**bubble** has been working with The Innovation Centre and external clients to provide a full range of catering, from conference refreshments through to large formal sit down dinner banquets, and drinks and canapé receptions within the Conference rooms.

We work in close co-operation with The Innovation Centre staff to ensure that the unique environment of the reception areas within The Innovation Centre is maximised; something that we have developed with external clients of the Centre. This creates an atmosphere that is rarely found in other venues in London and builds on the excellent working relationship that **bubble** has with The Innovation Centre.
